

## *Maximize your Supply Chain with LynxIT...*

Carelynx Corporation's employees have been successfully providing Value Chain Management expertise in the North American marketplace for over five years. We are recognized as an innovative and growth-oriented company that has shown a continued commitment to presenting our clients with the highest level of service excellence.

Carelynx Corporation is comprised of two complimentary business streams that leverage each other to support the needs of our clients. Uniquely positioned, we offer comprehensive supply chain management 'know how' with our *LynxIT Product Suite*.

*LynxIT* is a supply chain management solution that provides you with the ability to seamlessly integrate your supply chain information. With roots in the metals industry, *LynxIT* was developed to enable users to maximize warehouse and inventory efficiencies.

**LynxIT** is comprised of the following components:

- A **Facilities Management Solution** enabling clients to increase warehouse utilization while reducing overall operating costs.
- An **Inventory Management Solution** that provides users with tools to reduce overall inventory costs through enhanced control, tracking and visibility.
- An **EDI** solution that connects clients to their data in real time.
- A **Web Portal Solution** that provides secure access to facilities and inventory data from any location worldwide.

### *Our Mission*

*To be a leader in Supply Chain Management Solutions through our experience, our innovative approach and our commitment to people.*

Carelynx Solutions Inc, is owned by CareGo Holdings Inc. CareGo Holdings Inc. is also the parent company of Steelcare Inc., Transcare Logistics Corporation, Railcare Inc., and Careport Warehousing Inc. The CareGo group of companies serve the Value Chain Management industry through a strategic approach that is **MARKET-DRIVING** not market-driven.
